Next Club Meeting is Monday January 10th , 7 pm at Chavez South Park Recreation Center, 1002 Cherry Street.

Prepare for next week's arctic blast!!

We had a great turnout at our Christmas party/meeting in December. My best guesstimate was 40 or so in attendance. Unfortunately, we did not get to use the room we had reserved. The Sheriff's department went in there and assured the management of Golden Corral they would be out in plenty of time for us to use it. They were not done by the time some of us arrived and the manager said he was afraid to ask them to leave. In the spirit of Christmas, we sat elsewhere and still had a great time!

Someone had asked why there were no foxhunts scheduled in November and December. Just to clarify this, because of the holidays and everyone being so busy getting ready for them, we try not to schedule foxhunts during this time. I am sure we will start having them again in the coming months.

Sky Warn training will be coming up February 26th, 9am, Hart auditorium , Biblical studies building on the ACU campus, so be sure to set aside time for this.

Don't forget we are planning a barbecue/swap fest sometime in April or May.
